## ANNOUNCEMENTS.

Authorized to announce  
J. M. R. SMITH,  
for Congress, from the  
second district, subject to  
the democratic party.

Early six years of reported  
can anyone point to  
the administration has  
with, or that has caused  
the people? There have  
pyrotechnics, but no

republican scandal is  
at the national capital  
investigation of the  
the image hospital, and it  
has been creep to read of  
practiced on some of  
innate inmates.

Standard oil has  
republican party even  
the last five millions of  
funds in 1896, that saved  
Hanna and McKinley,  
the unfortunate for the  
politicians to sneak away,  
standing by it in its dis-  
Senator Aldrich ap-  
cared in on the al-

Washington Post declares  
trust has promised to  
iron in San Fran-  
comply as it sells that  
and adds, that the  
and the tariff duty has  
put to sleep. With  
reference to this exclu-  
in the Post of the con-  
and concession of the  
is safe to say that San  
will be lucky if it can  
at the top prices here  
to sell steel in San Francisco  
price it is sold abroad,  
the republican candi-  
the congress in every doubt  
and put every standpater  
the congress. The Post says  
the protectionists claim  
that steel products are not sold  
than here.

## Good for the Soul.

It is a pleasure to be able to defeat  
the agitation in 1896, did  
the means employed  
the defeat? It is not  
to say that the money  
in 1896 to prevent the election  
of Bryan resulted in political de-  
such as was never before  
in the United States,  
which the politics and  
country have not  
recovered. It is not far  
to say that the coun-  
more by reason of  
corruption of the 1896  
it would have sufficed  
triumph of free silver,  
that would have been.  
of free silver would  
the market a terrible  
Bryan could not really  
each farm in a practical  
country would have  
recovery from the  
it will take many years  
from the effects of the  
which has been  
by the abuse of mil-  
dollars in political can-  
Wall Street News.

## Meeting of Railroad Commissioners.

Point made to this board  
this ago by the National  
Company of Cleveland, O.,  
right rate on oil between  
and Kansas City was ex-  
that the rate from St.  
Kansas City being 22 cents  
from Kansas City to  
only 17 cents per ewl,  
discrimination against the  
shipments. Public hear-  
and this board order-  
the rate between the two  
did not exceed 17 cents in  
ation.

are now filed with  
alleging that the freight  
in this state is exorbi-  
it is in excess of rates  
like distances between  
other states; therefore, in  
a full and exhaustive  
the whole question be  
ordered that a formal  
be held by this Com-  
the Commercial club  
City Mo., beginning  
June 18, 1906, to  
railroad companies doing  
this state are hereby  
year and show cause, if  
why the freight rate  
will not be materially and  
reduced.

By order of the board of R. R.  
& W. Commissioners.  
Jon. P. Rice,  
Chairman.  
T. M. BRADSHAW,  
Secretary.

## Will Mayfield College Com- mencement.

This week will close another year  
for Will Mayfield College and we  
are safe in saying that the school  
has never seen a better or more  
prosperous year. The term started  
with a good enrollment of excellent  
young men and ladies, and the av-  
erage attendance has been good  
during the whole year. Will May-  
field College is not only prospering  
from a financial standpoint, but it  
is filling its mission, by doing good  
work and our people are proud of  
it. As an institution of the Baptist  
church, and the only school the  
Baptist people have in this part of  
the state, there is no good reason  
why it should not prosper. When  
this fact is considered there seems  
to be no reason why it should not  
prosper in a greater measure, for  
greater interest is being taken in it  
than ever before and that means a  
more liberal patronage and support  
for the future.

## We Trust Doctors

If you are suffering from  
impure blood, this blood, de-  
bility, nervousness, exhaus-  
tion, you should begin at once  
with Ayer's Sarsaparilla, it's  
Sarsaparilla you have known  
all your life. Your doctor  
knows it, too. Ask him about it.

You must look well after the condition of  
your blood and health. Nature there is daily  
cleaning the blood, but sometimes the process is  
arrested, causing blood-poison, skin eruptions,  
and other diseases. When you feel that your  
blood is impure, start at once with Ayer's  
Sarsaparilla. It will give you a new  
blood and only one pill at bedtime.
